

# NEURO THINK TANK STUDENT APPLICATION

Name:

Email:

Address:

Phone:

1. Have you conducted research previously? (Check one)

Yes

No

If yes, where did you conduct research?

2. What is your motivation for applying to this program? (Check All that Apply)

I intend to do biomedical research in my professional future.

I want to increase my opportunities for competitive residency programs.

I have not done research previously and I want to explore bench research.

3. Please list at least two areas of neuro related research interest and what your goal is with each :

5. Please list up to 3 Neuro Think Tank members with whom you would like to get the chance to work with

1.

2.

3.

Name:

Email:

6. Have you already obtained a referral from a member or a faculty recommendation? Yes  No

If yes, please share with the Neuro Think Tank any additional information below including the name of the person providing the recommendation.

**IMPORTANT:** If you wish to work with a researcher that is **not** in the Neuro Think Tank, they must be approved by the Neuro Think Tank for membership. Researchers not in the Neuro Think Tank who wish to be considered for membership must submit a professional application. There is no guarantee students will be assigned to work with a researcher of his or her choice.

7. What are your motivations or interests in applying to the Neuro Think Tank (Maximum 200 words)

8. Please describe any prior research and/or laboratory experience. (Maximum 200 words)

9. Candidate Statement. Please indicate your current thoughts about long-term career plans and goals and how you plan to adhere to the NDA, code of ethics, and also how you plan to serve others above self. (Maximum 200 words)

If you have additional documentation, such as a resume, (letter of recommendation from a faculty or research mentor is not required but helpful), please e-mail the documents along with this application to [neurothinktank@gmail.com](mailto:neurothinktank@gmail.com).
